

Award-winning, barrel-aged beer.
Hand-crafted in the Willamette Valley.

The Brewery

Alesong's brewery and tasting room is located in the heart of beautiful Southern Willamette Valley Wine Country. Flanked by hillside vineyards and a stunning, elk-inhabited valley, Alesong is an idyllic escape from typical industrial park taprooms and the cellar filled to the rafters with barrels alludes to the more artisanal production process.

The Beer

Our approach to brewing is patient and artistic. Our beer is matured in barrels and consciously blended to create a complex and unique beverage experience with the goal to create beers that are innovative and unique, yet approachable and balanced. With flavors that range from tart and fruity to rich and malty, there's something for every palate.
